It's one of the hottest trends – stunning jewellery without the sky-high pricetag. On the It list are eye-catching jewels created from Moissanite®, a girl's new best friend.

*Moi Moi Fine Jewellery* was founded with the aim of developing a new category of fine jewellery – created jewels of the highest quality at a fraction of the cost. The range includes Moissanite, a unique jewel which has more brilliance, fire and lustre than any other stone, plus created sapphires, rubies and emeralds, all set in lustrous 18-carat gold or platinum.

Moi Moi owners Lauren Chang Sommer and Alana Chang Weirick have just designed and launched the first ever created pink-diamond jewellery collection in Australia. Featuring dress and engagement rings, pendants and earrings, this line makes one of the world's most beautiful stones accessible to Australian women as you can save more than \$100,000 per carat.
