

### Such a stud

There's something undeniably luxe about tiny, sparkly earrings, but who said they have to be diamonds? We love these hyper-brilliant classic moissanite studs from Moi Moi, \$1,180 (9261 0200).

### Playing with fire

Jeppe Utzon (yes, grandson of Joern) has raised the bar in backyard bliss with this slick BBQ. Clean lines and minimalist proportions blow the old Weber out of the water and with super-chefs such as Tetsuya Wakuda vouching for its cooking precision, it's possibly the sexiest barbie we've ever seen. Electrolux will take orders for the \$7,999 Jeppe Utzon Barbeque from July; go to [www.electrolux.com.au](http://www.electrolux.com.au).
